

How to....: The Scoring Filter

General:

The scoring filter in OLC 2.0 enables clubs totally new possibilities for creating individual scorecards. For example, it is now possible to create a club championship with three mouse clicks based on the OLC-Champion score card. To create a regional scorecard with neighbouring clubs is also unproblematic.

How does it work?

The following example „Club championship for the 6 best flights” explains how the filter is used. Additional scoring examples can be found below.

1. Select OLC Champion scoring report:

Before filtering, choose the correct scoring report, in this example: “OLC-Champion”. The 6 highest scoring flights are ranked here:

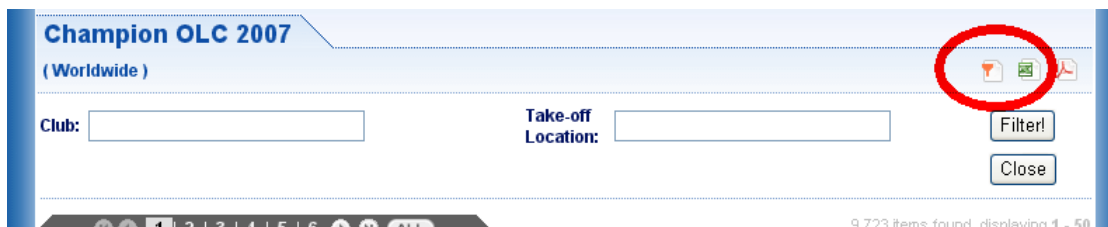

The screenshot shows the OLC 2.0 interface. The main title is "Champion OLC 2007 (Worldwide)". A dropdown menu is open, showing various scoring reports. The "OLC-Champion" option is highlighted with a red circle. Below the menu, a table displays the top 6 flights:

#	Name	Summe	Flug 1	Fl...
1	Klaus Ohlmann (DE / NI) L SV Buchhofen/Waldbrunn	9706,08	1917,61pt. (01.01)	14

2. Filter

Selecting the filter icon (next to the buttons for creating excel- and pdf-files) opens the input boxes “Club” and “Take-off location”.

The screenshot shows the OLC 2.0 interface with the "Champion OLC 2007 (Worldwide)" report. The filter icon (a magnifying glass) is circled in red. Below the report title, there are input boxes for "Club:" and "Take-off Location:". To the right of these boxes are buttons for "Filter!" and "Close".

Club and the desired restrictions on one or multiple take off locations are entered next. For this, only the first letter of the name needs to be typed in, the desired choice can be selected next by using the green “+”.

Having entered all required data, select „Filter!“ to finish the scorecard.

#	Name	Summe	Flug 1	Flug 2	Flug 3	Flug 4	Flug 5	Flug 6
1	Lothar Schmidt (DE / BY)	3657,68	646,32pt. (31.05)	641,10pt. (09.06)	622,92pt. (30.08)	586,71pt. (28.04)	581,62pt. (01.08)	579,00pt. (04.08)
2	Friedhelm Lotte (DE / BY)	3586,89	708,66pt. (09.06)	596,25pt. (07.08)	587,65pt. (24.05)	576,76pt. (30.08)	566,15pt. (31.05)	551,42pt. (30.05)
3	Johannes Baier (DE / BY)	3319,62	713,59pt. (09.06)	554,81pt. (06.05)	530,95pt. (08.06)	510,09pt. (24.05)	506,71pt. (01.08)	503,47pt. (04.08)

Hint: The thus created browser-URL can be copied and linked permanently to the club home page. The filter remains unaltered.

Changing to another scoring report or selecting „Close“ deactivates the filter.

3. Alternative filters

Of course, many other alternative filters can be created. For example:

Club championship for the best flight:

#	Punkte	Name	km	km/h	Startplatz	Club	Flugzeug	Start	Ende	Info
1	713,59	Johannes Baier (DE)	803,64	114,15	Bayreuth (DE / BY)	LSG Bayreuth	Discus bT	0846	1623	
2	708,66	Friedhelm Lotte (DE)	810,46	112,04	Bayreuth (DE / BY)	LSG Bayreuth	Discus	0838	1622	
3	646,32	Lothar Schmidt (DE)	813,07	85,09	Bayreuth (DE / BY)	LSG Bayreuth	Ventus 2c/18m	0734	1801	
4	637,33	Andreas Baier (DE)	754,62	112,76	Bayreuth (DE / BY)	LSG Bayreuth	LS 6	0856	1813	

The alternative scorecard using the report „All Flights“ is another interesting choice (no picture).

Something to think about could be a “Regional championship of neighbouring clubs”. This could be put together based on political borders or weather areas.

It is also possible to filter flights from a certain take-off location:

Statistik: Bester Flug OLC 2007

(Worldwide, HAHNW1)

Club: Startplatz: Filter! Close

- Hahnweide Kirch

132 items found, displaying 1 - 50

#	Punkte	Name	km	km/h	Startplatz	Club	Flugzeug	Start	Ende	Info
1	670,31	Horst Heimann (DE)	808,06	105,43	Hahnweide Kirch (DE / BW)	Fliegergruppe Wolf H...	Ventus 2cM/18m	0913	1745
